<b>DARPAN ID</b>	<b>UP/2025/0685917</b>

## Background

Founded in 2025, Socionet Foundation was established by a group of young changemakers, including a founder who had firsthand experience working with multiple NGOs. She observed gaps in how various organizations addressed the needs of underprivileged communities and envisioned a unified platform that could provide comprehensive support. Socionet Foundation focuses on tackling the root causes of inequality, limited access to education, legal identity, welfare services, and livelihood opportunities. By combining grassroots initiatives with structured programs, the foundation creates sustainable solutions that empower communities and promote long-term social inclusion.

## Mission

We are dedicated to empowering underprivileged children by providing them with foundational education and enabling access to formal schooling. Our initiatives bridge the gap between informal learning and formal education while fostering holistic growth. Alongside academic support, we conduct regular food and cloths distribution drives to safeguard well-being and dignity.

Beyond child welfare, we actively work for women empowerment by developing skills and creating pathways to self-reliance. We also focus on skill development programs for both children and adults, ensuring inclusive growth. Furthermore, under our projects, we assist communities in accessing government rights and documentation support, helping them claim their rightful opportunities.

Through these combined efforts, we strive to nurture confident, self-reliant individuals and resilient communities, paving the way for a brighter and equitable future.

## Vision

To build an inclusive society where every child has access to quality education, every woman is empowered with equal opportunities, and every individual child or adult possesses the skills and rights needed to lead a dignified and self-reliant life. We envision a future where poverty, illiteracy, and inequality are replaced by knowledge, empowerment, and collective progress.

## Target Areas

We focus our work in urban slums, rural villages, and marginalized communities where access to education, welfare services, and basic amenities are limited.

## Target Group

Our primary beneficiaries are underprivileged children, women, and vulnerable families who face social, educational, and economic disadvantages.

## Area of Concern

- **Education:** Basic education, academic support, enrollment in schools, and vocational training.
- **Women Empowerment:** Training programs, rights awareness, protection, and self-reliance initiatives.
- **Legal Aid & Identity:** Assistance in obtaining government documents, accessibility rights, and legal awareness.
- **Community Welfare:** Access to food, water, shelter, cloths, and health services.
- **Skill Development & Livelihood:** Training for self-employment and financial independence.
- **Healthcare & Relief:** Medical relief, awareness programs, and community health activities.

## Projects

### Project Udaan

**Focus:** Awareness on rights, accessibility to government schemes, social empowerment, women's rights and women employment.

**Activities:** Workshops, rights campaigns, training sessions for women and youth, awareness rallies.

**Impact:** Strengthened awareness among marginalized groups.

### Project Pathshala

**Focus:** Educational rights, academic support, and school enrollments.

**Activities:** Regular Academic Sessions, Admission drives in government schools, tutoring support, mentorship for children.

**Impact:** Improved literacy rates, increased school enrollment, reduced dropouts among underprivileged children.

## Project Pehchaan

**Focus:** Helping marginalized communities obtain legal identity and access government services.

**Activities:** Registration drives for Aadhaar, ration cards, voter IDs, and other essential documents.

**Impact:** Families empowered with access to government welfare schemes, subsidies, and healthcare.

## Project Samadhan

**Focus:** Providing basic amenities like food, water, clothing, electricity, financial literacy, and employment skills.

**Activities:** Distribution drives, community infrastructure support, skill development workshops.

**Impact:** Improved quality of life, better access to essential services, and increased livelihood opportunities.

## Impact and Achievements

- Enrolled children in schools under Project Pathshala.
- Facilitated legal identity documents for numerous families under Project Pehchaan.
- Empowered women through skill development and awareness programs under Project Udaan.
- Supported basic needs of marginalized families through Project Samadhan.
- Conducted multiple awareness campaigns, legal aid camps, and health drives across communities.
